

Tubular Daylighting

Brighten Your Home
with Natural Light

Which Daylight is Right?

Solatube Daylighting Systems introduce a new standard with our ISn product models that integrate our solar-powered smart NightLight. So smart that it provides a tax credit on the entire system and installation.

Integrated Solar NightLight Models

290 ISn

Includes NightLight & Tax Credit*
Available in both round and square
Tube Size (diameter): 14 in.
Maximum Tube Length: 30 ft+
Room Recommendations: kitchen, family room, master bath, large entry, or any large rooms

Solar-powered smart NightLight

160 ISn

Includes NightLight & Tax Credit*
Available in both round and square
Tube Size (diameter): 10 in.
Maximum Tube Length: 20 ft+
Room Recommendations: bathroom, laundry, closet, hall, or in multiples for larger rooms

Classic Models

290 DS

Available in both round and square
Same tube size, length and room recommendation as the 290 ISn

160 DS

Available in both round and square
Same tube size, length and room recommendation as the 160 ISn

Natural Light. Brilliant Technology.

Transfer

Spectralight® Infinity Tubing

Tubing made of the world's most reflective material that:

- Delivers 99.7%** specular reflectivity for maximum sunlight transfer
- Provides the purest color rendition possible so colors are truer, brighter
- Allows for run lengths over 30 feet to deliver sunlight to lower floors
- INFRAREDUCTION® Technology integrated using a proprietary process to filter out infrared wavelengths and minimize solar heat gain

Generate

Integrated Solar Electric Technology

ISn Models automatically emit a soft glow after dark. Plus, this system yields a federal tax credit on system and installation costs.*

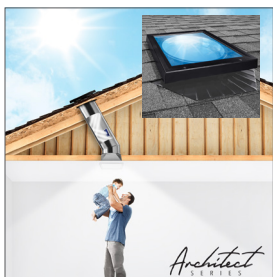

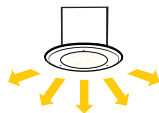

- Photovoltaic panel collects solar energy
- Stored energy powers the NightLight which automatically turns on at night

Deliver

Decorative Fixtures and Add-Ons

Form and function combine for optimal daylight diffusion with:

- Solatube Decorative Fixtures
- Warming and softening Effect Lenses
- Ventilation, dimmer and nighttime lighting options
- Available shapes in round or square

290 DS Low Profile Collector

As part of our Architect Series, the 290 DS Low Profile Collector is designed to help make your home look fabulous. If you want a sleek, unobtrusive look, the low-profile collector delivers an attractive, subtle appearance on your roof.

Capture

Raybender® 3000 Technology

A patented daylight-capturing dome lens that:

- Redirects low-angle sunlight for maximum light capture
- Provides consistent daylighting throughout the day
- Rejects overpowering summer midday sunlight

LightTracker Reflector

An innovative in-dome reflector that:

- Redirects low-angle winter sunlight for maximum light capture
- Increases light input for greater light output
- Delivers year-round performance

** Specular reflectance greater than 99% with wavelength specific reflectance up to 99.7% for the visible spectrum

Multiple Fixture Options

Function and Beauty Come Standard

Completely customize your daylighting with our Architect Series. Multiple shapes, diffuser types and frames mean your fixtures fit both your lighting needs and design sensibilities.

OptiView®

Available in square or round. 160 & 290 Models

Low Profile Shingle

Add-ons

Light Add-On Kit

Use your daylighting system as a recessed light at night with a light add-on kit.

Solar-Powered Daylight Dimmer

Control light levels with the touch of a finger.

160/290 Models

Ventilation Add-On Kit

Combines with the Solatube 160 DS to drive out humidity and minimize ceiling clutter.

Codes and Approvals

Rest assured that the Solatube Daylighting System can be used in your project without any hassles. Solatube Daylighting Systems have been approved by all major building product approval agencies:

- A440-05 & A440-08 (AAMA/WDMA/CSA) • Florida Building Code/High Velocity Hurricane Zone • Code Compliance Research Report (CCRR) • City of Los Angeles • Texas Department of Insurance
- Energy Star®/NFRC • Federal OSHA Fall Protection • California OSHA Fall Protection • UL • TUV
