Open Ceiling TIP Installation Instructions

For Applications with Insulation at Roof Level

Note: For best thermal performance, install the Thermal Insulation Panel within the building's insulation level.

1. **Install Tube Ring**
   - Align tabs on Tube Ring with notches on Angle Adapter.

2. **Install Thermal Insulation Panel**
   - Turn top tube over and place TIP onto Top tube.

3. **Install Extension Tube onto TIP**
   - Top Tube and Extension Tube will fit over the TIP and rest on edge of fastening straps.

4. **Apply Foil Tape**

Refer to main set of instruction 950160 for extension tube assembly.
